

FASHION INTERIOR

Message from Managing Director

Welcome to IEC, Kathmandu . It is my privilege to welcome all prospective students to IEC. This dream started almost 25 years ago at a small block of 2500sqft in Bagbazar and till then, a formal education in Fashion and Interior Design was not even heard of in Nepal. But we stood by our dream and here we are today, successfully running a full-fledged international standard college of Fashion and Interior Design in the heart of Kathmandu.

At IEC, we focus more on developing practical skills of our students under the supervision of our

seasoned experienced professional faculty members and by the time our students graduate, they will be able to not only visualize fabulous concepts but also built/construct them.

Our entire team at IEC looks forward to welcoming you to our institution.

Shailaja Adhikary
